

MEABH FITZPATRICK PHOTOGRAPHY

WEDDING TESTIMONIALS

"We found Meabh to be a very relaxing and calming influence on our big day, although she was always very much in control. She was never flustered and was a joy to work with, as she smoothly moved from scene to scene and got everyone involved in the photographs, and they have all turned out great. We even bought all of the proofs because we couldn't bear to miss out on any of them. We would recommend her every time!"

RICHARD & MARION MCCANDLESS, LONDON. MARRIED DROMOLAND CASTLE, CO. CLARE.

"We chose Meabh Fitzpatrick to do our wedding photography after she came highly recommended to us by a friend. On our first meeting with Meabh we felt reassured that we were leaving an important job in very safe hands. From our experience with Meabh we found her to be dependable, discrete, organised and extremely professional. We were so excited to get the photographs back we collected them the same day we returned from our honeymoon. From the vast amount of proofs we were given to take away, it became nearly impossible to pick favourites! Each photograph captured some element of joy & emotion, glamour and style that were all elements of a most magical day. We were delighted and extremely impressed with our photographs and would have absolutely no hesitation in recommending Meabh."

NULA & GARETH CURRAN. THE STATION HOUSE CO. KILDARE - WEDDING

"As soon as Meabh arrived at my house that day, she put everyone at ease about having their photograph taken. As a result we got some great fun shots of the family before the wedding took place. Meabh took plenty of photographs at the church, service and wedding party. She also obliged and traveled to Enniskerry Waterfall for some more shots. We have so many great reminders of your special day now that we have found it hard to choose from all the photographs. I will definitely be recommending Meabh to any of my family and friends who may be thinking of getting married in the future. We would both like to thank Meabh sincerely for her friendly and professional approach she took on your day. We will always have great memories to look back upon over many years to come. Thanks Again,"

ALISON AND NIALL O'DWYER, FITZPATRICK CASTLE, KILLINEY, CO. DUBLIN.

"We found Meabh to be open to our suggestions and helpful in getting ideas. On the day, she was efficient and made sure that she got all the shots we had agreed on. We didn't have to worry about a thing. Meabh managed to do all that, while going almost unnoticed! Our photographs turned out great and we are very happy with them."
